TEACHERS
ARE TERRIFIC!

MR. DANIELS
Principal

I would like to congratulate our eighth grade students on completing the first level of their education. The next level, which will be high school, will test your strength, intelligence and endurance but you have been well prepared by your dedicated teachers. The Vailsburg Middle School Class of 2001 will be graduating from high school in 2005. This sounds like a very long time, however, four years is a short amount of time for a college bound student.

This past year you have experienced the building of the House Concept as part of the School Reform Initiative.

We continued to emphasize the New Image –New Attitude concept at Vailsburg Middle School, which many of you faired well over the past 3 years. Your work on GEPA and the Algebra classes made a difference here at Vailsburg Middle School. I would like to take this time to commend you the Class of 2001 on your endeavors.

Sincerely,

Micheal Daniels
Principal

Mrs. D Robinson-School Nurse

Congratulations to the class of 2001! I have watched you grow and mature this year and I am so proud of your progress. You have the potential to do great things in high school and beyond but only if you take your education seriously and make it a priority. So, as you go forth from Vailsburg Middle School, take the lessons you learned here and use them to your advantage. BEST WISHES AND GOOD LUCK!!

CLASS OF 2001!

Mr. Perry

Each year the eighth grade students of Vailsburg Middle School embark on one of the key steps in their educational life.

"The transformation of elementary students into High school students."

It is my honor to congratulate this class for the fine exquisite manner in which they achieved this goal. Your accomplishments and contribution will be highlighted here at Vailsburg for many years to come.

Congratulations on a job well done.

Congratulations Vikings, Class of 2001! You are about to open the door to a new day. The world is filled many wonderful and exciting adventures to participate in.

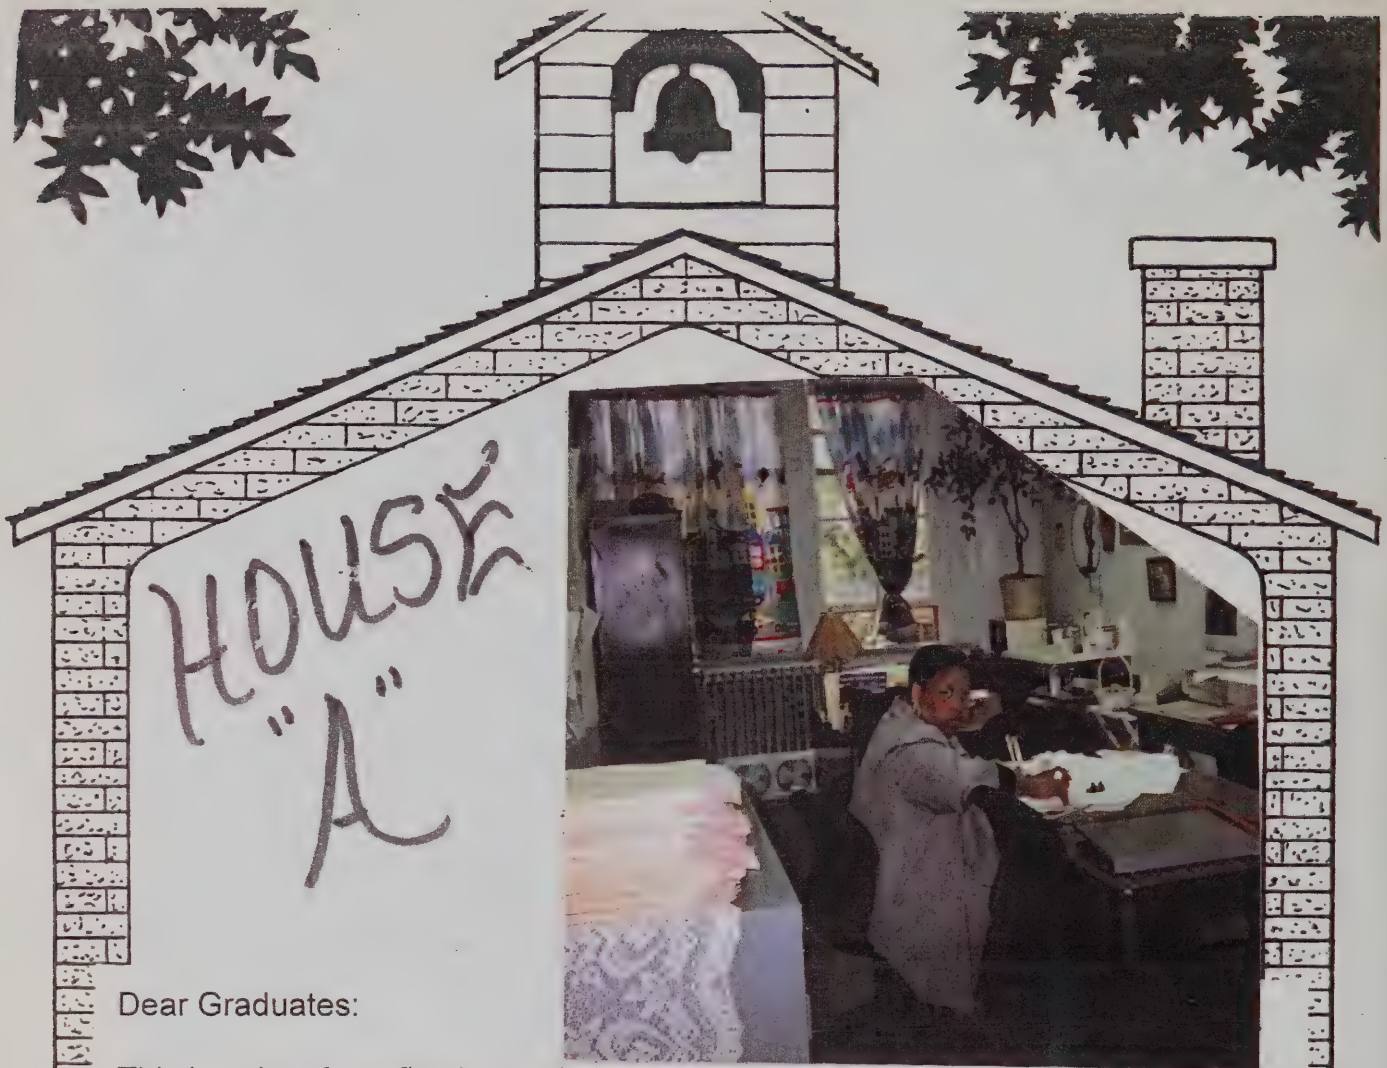

The key word is participate. Participation puts you in control of where you are going.

Don't sit back, and let the world dictate your life. It is much more rewarding and fun when you've planned it.

Give yourself permission to get up after a fall and try again.

This is your opportunity to be the way you want the world to see you. Make new friends, strive for new goals, success is waiting for everyone. All you have to do is reach out and grab it!

Mrs. McGuire-Long

Dear Graduates:

This is a time for reflection and also for looking ahead. As we reflect on the past, we see progress made and bad choices selected which hindered progress. Your class possesses many gifted pupils. There was improvement shown in your literacy and math scores. You are a spirited class that displayed many attributes of initiative and independence.

You have learned many things during your years in elementary school. In addition to basic knowledge and skills, you have learned how to think for yourself. I hope that when you enter High School in the fall, you will exercise the ability to think independently. Do not fall into the trap of always following the crowd. Think for yourself and do what you think is right. Do not forget what your parents and teachers have taught you.

Good luck and may God continue to watch over you and your families!

I love you all,

It's Our Time
Submitted By: Ida Shuler

It's a time when a bird must fly
When they flap their wings and
soar high in the sky

Well it's our time to fly
It's our time to say goodbye

To the good and bad
The happy and sad

It's our time to set a goal
Let's make it new and never
let it grow old

Well it's time when a bird
must fly

When they flap their wings and
soar high in the sky

Well it's our time to fly, we
have flown high in the sky
